Penn Dance Marathon

**ALL proceeds go to Riley Hospital for Children
 KingsmenFTK**

DODGEBALL RULES 2020

1. The court will be the volleyball court, same size with a centerline and 2 sidelines and an end line.
2. There will be two referees, one on each side of the court.
3. There will be six balls split into two even groups at the ends of the centerline. When the game starts, you may only grab the balls to your right.
4. **You are out:**
 - 1) If you step on or over the sideline or centerline.
 - 2) A thrown ball hits your body.
 - 3) You throw a live ball and it is caught by the opponent.
5. A thrown ball can only get 1 (one) player out. Thrown balls that hit the ground, the wall, other balls, or other objects before hitting the opponent are considered dead balls, and are ineligible to get players out.
6. You may block a thrown ball with a held ball. However, if you drop the blocking ball during the act of blocking, or if you fail to make a clean block (as in the thrown ball still ends up hitting or grazing your body afterwards), you are out.
7. If you are out, line up on the side line in the order you got out. You will be admitted back into play in that order. If your teammate catches a ball, the player at the start of your team's line, comes back into play after touching the end line. The teammate must be in this ordered line at the time of the catch to be eligible to be brought back in.
8. You may only hold a ball for 10 seconds, afterwards, it will be considered dead. Dead balls need to be rolled over immediately to the other team.
9. If the game comes down to 1 (one) player per side, they have 10 (ten) seconds to hit each other out; if not, "Showdown" comes into effect. The game is paused, each player will line up at their endline, two balls are lined up at the ends of the centerline, and the center line is dissolved. The first player to get the other player out wins.
10. Have fun, shake hands, make friends and be spirited!

The ruling of the officials is final!
